SOME OF THE GOOD RUGGED BULLS IN THE MEADOW VIEW PASTURES THAT SELL
IN THIS EVENT. THIS FALL'S SALE OFFERS THE BEST BUYING SELECTION IN
THE HISTORY OF THE THIEDE HERD.

MEADOW VIEW RANCHES' ANNUAL RANGE BULL SALE

MONDAY, NOVEMBER 6

GREGORY, SOUTH DAKOTA

GREGORY LIVESTOCK PAVILION 12:30 p.m.

51 HEAD

"We Are In Our 60th Year of Producing The Cowman's Kind"

30 BULLS . . . The opportunity to buy strong aged, rugged sire prospects has never been better at Meadow View than this Fall. All by outstanding sires of reputation bloodlines. Meadow View has been emphasizing bigger, longer-bodied cattle and it shows up in this offering. All these bulls have been developed on pasture for range use and both commercial and registered breeders will find the offering to their liking.

21 FEMALES . . . Because this is primarily a bull sale, buyers tend to underemphasize the importance of the females offered. This group contains members of Meadow View's most dependable families. All sell bred or with calves at foot. Thiede females have played an important part in breed improvement and these females can add strength to most any herd. Not in fancy rig but the quality is there for those who recognize merit in "working" females".

An especially selected offering from one of the nation's largest registered cow herds of over 400 head.

General Information

TIME: The sale will be held Monday, November 6th, beginning at 12:30 P.M.

LOCATION: Gregory, South Dakota, at the Gregory Livestock Auction Pavilion in the southeast corner of town. Gregory is located on Hwy. 18, approximately 30 miles north of the Thiede Ranch.

TERMS: The terms of this sale are cash.

GUARANTEE: All cattle will sell under the Standard Guarantee endorsed by the American Shorthorn Association found elsewhere in this catalog. The cows will be pregnancy checked. Certificates of registry will be transferred to the buyer of each lot.

HEALTH: Official vaccination for Bangs disease has been practiced. T.B. and Bangs test will be furnished on every animal sold and official vaccination certificates with all females under 24 months of age. Every lot will comply with the health regulations into any state which they may go.

Each animal will be at purchaser's risk as soon as bid off but will not be delivered until settlement has been made. Cattle will be cared for and loaded on cars or trucks free of charge, but at purchaser's risk of loss or injury.

Announcements from the auction block will take precedence over printed matter in the catalog.

DELIVERY: Meadow View Ranches will deliver free of charge up to 250 miles any purchases of five bulls or more that go to one unloading point. Every precaution will be taken to assure the safe delivery in such cases but any loss or injury in the buyer's risk.

LIABILITY: We shall not be liable for any accidents that may occur, but will make every effort to provide for the safety and comfort of those attending. Accidents at cattle sales are rare, but all attending must do so at their own risk. The guarantee and terms shall constitute a contract between the buyer and seller of each lot. The sale manager was retained for specific tasks promotional and clerical and has nothing to do with the handling of the cattle or the condition of the premises. Neither the sale manager, clerk, nor auctioneers can assume any liability.

Up until a few days ahead of the sale we invite you to inspect these cattle at the ranch.

LUNCH: Available at the sale barn.

BIDS: Those wishing to buy, who cannot be present, can send their bids to Bill Stunkel, Sale Manager, 1228 N. Nye Avenue, Fremont, Nebraska. Dick Kane, Auctioneer, Wisner, Nebraska; Ted Aegerter, American Shorthorn, Association, Omaha, Nebraska.

Earl and Ed Thiede are pictured above with the late Otto Grosse of Northwood and the great cow Millhills Pauline 11th and her bull calf N W Cavalier Chieftain. This calf developed into a great sire for Meadow View. Three sons and a daughter sell in this sale.

STUDY THE SIRES.....

Perhaps the best criterion of an improving herd is the sires in use. With bulls of reputation ancestry and proven performance, it is much easier to attain those sought-after goals of quality, weight-for-age, milking ability and carcass excellence.

No herd in the Midwest is as rich in the blood of the breed's great sires....Scotsdale Kilty, Bapton Constructor, Louada Roth's King, Scotsdale Navarre, Glastullich Cock Robin, Bapton Cavalier....as is that at Meadow View Ranches. Your Sale Manager has been in close touch with the Thiede herd for the last four years. The improvement made during this period has been tremendous.

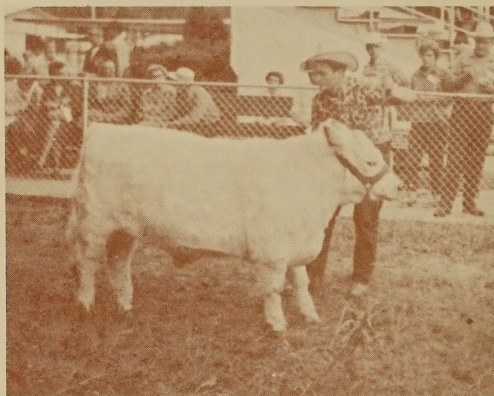

It will become obvious to you, when you see the bulls selling, that a sincere effort has been made to provide Meadow View bull customers with more size, length and ruggedness. Equally important the Thiedes have not forgotten thickness of quarter. YOU CAN GET AN AWFULLY LOT WHEN YOU BUY A MEADOW VIEW BULL. We admit you can buy bulls elsewhere that carry more fat, and "fancy rigging" but if you are interested in quality, "working" bulls this is the sale for you.

Bill Stunkel,

Sale Manager.

Jerome Settles, Scribner, Nebraska, with his Reserve Champion Shorthorn steer, 1967 Nebraska State Fair. He is by a Thiede-bred bull.

Eldon Krebs, Neligh, with his first-prize steer, 1967 Nebraska Junior Shorthorn Show. This Ivan Wicker-bred calf is also by a Thiede bull.

Ed Kruse, Genoa, Nebraska, with his Reserve Champion Steer 1967 Nebraska Junior Shorthorn Show. He was purchased from the Thiedes.

RESULTS.....

As they say the "proof is in the eating" and the proof of breeding success is in results.

The three young men pictured with their excellent steers on this page are proof that Thiede-bred sires are producing well. These beefs have met judges' approval for being meaty well muscled, trim with good rear quarters.

The bulls selling in this sale can give you this same quality results. Many of the females can be carrying a future champion.

Come to this sale and buy from a breeding establishment that is long on "RESULTS".

SCOTSDALE NAVARRE

Supreme Champion, 1961 Royal Winter Fair, by Scotsdale Jupiter, Supreme Champion 1956 International. His son Meadow View Navarre is the sire of five bulls in this sale.

John Catron, Camp Crook, South Dakota, turned a Shorthorn, a Polled Hereford, and an Angus bull with 120 cows. One hundred calves resulted. Catron did not guess —he weighed the calves.

THE SCORE BOX

Sire	No. Calves	Ave. Weaning Weight	Total Pounds
Shorthorn	47	330 lbs.	15,510
Hereford	34	306 lbs.	10,404
Angus	24	313 lbs.	7,512

John Catron, just like you, Mr. Cattleman, was interested in production of total pounds of quality meat. That's why he now is convinced of the advantage and reliability of Shorthorns. You, too, can harvest this kind of a crop by using Shorthorns.

Sunrise Consul, a bull that wrote history in the Thiede herd. His blood is prominent in this sale.

STANDARD GUARANTEE

Of American Shorthorn Breeding Association.

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.
5. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such certificate is required by the seller.
6. All animals are sold to comply with the laws regulating tuberculosis and Bang's disease of the state or country into which they may be shipped.
7. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
8. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animals are bid off.
